

### AVC Provider Solutions as at 07 October 2024

The table below sets out a summary of the approaches being supported by AVC providers. PASA’s understanding is AVC providers could offer Single Source (Scheme administrator connects AVCs), Multiple Source (AVC provider connects AVCs), or both options. Administrators should engage directly with AVC providers to validate the information provided in this table.

The table will be updated with additional AVC providers and any other changes as the PASA Pensions Dashboard Working Group become aware of them.
